

# DRIVING IN FOG AND MIST

- Switch on wipers, de-misters and low beam headlights
- Slow down and increase your following distance
- Check your mirrors before slowing down
- Pay extra attention at Junctions and listen carefully for traffic.
- Avoid overtaking - especially on 2-lane roads
- Avoid distractions - you need increased attention when driving in fog.
- IF REQUIRED- Stop somewhere safe and wait for the fog to lift if it is not safe to continue
- Look out for fog warning signs and be prepared to respond.
